

The maturity of love is in all

Whether you're a dragon, a wizard,
a massive cat, or a mountain wolf
goddess

Love grounds us and molds us into the people who we are today

Yes, the
adolescence
we left behind,
we may never
regain

The little awkward
moments will
forever be intact

The sadness of a goodbye

Never knowing if you will ever see
that special person again

But it's ok
because
nothing
lasts forever

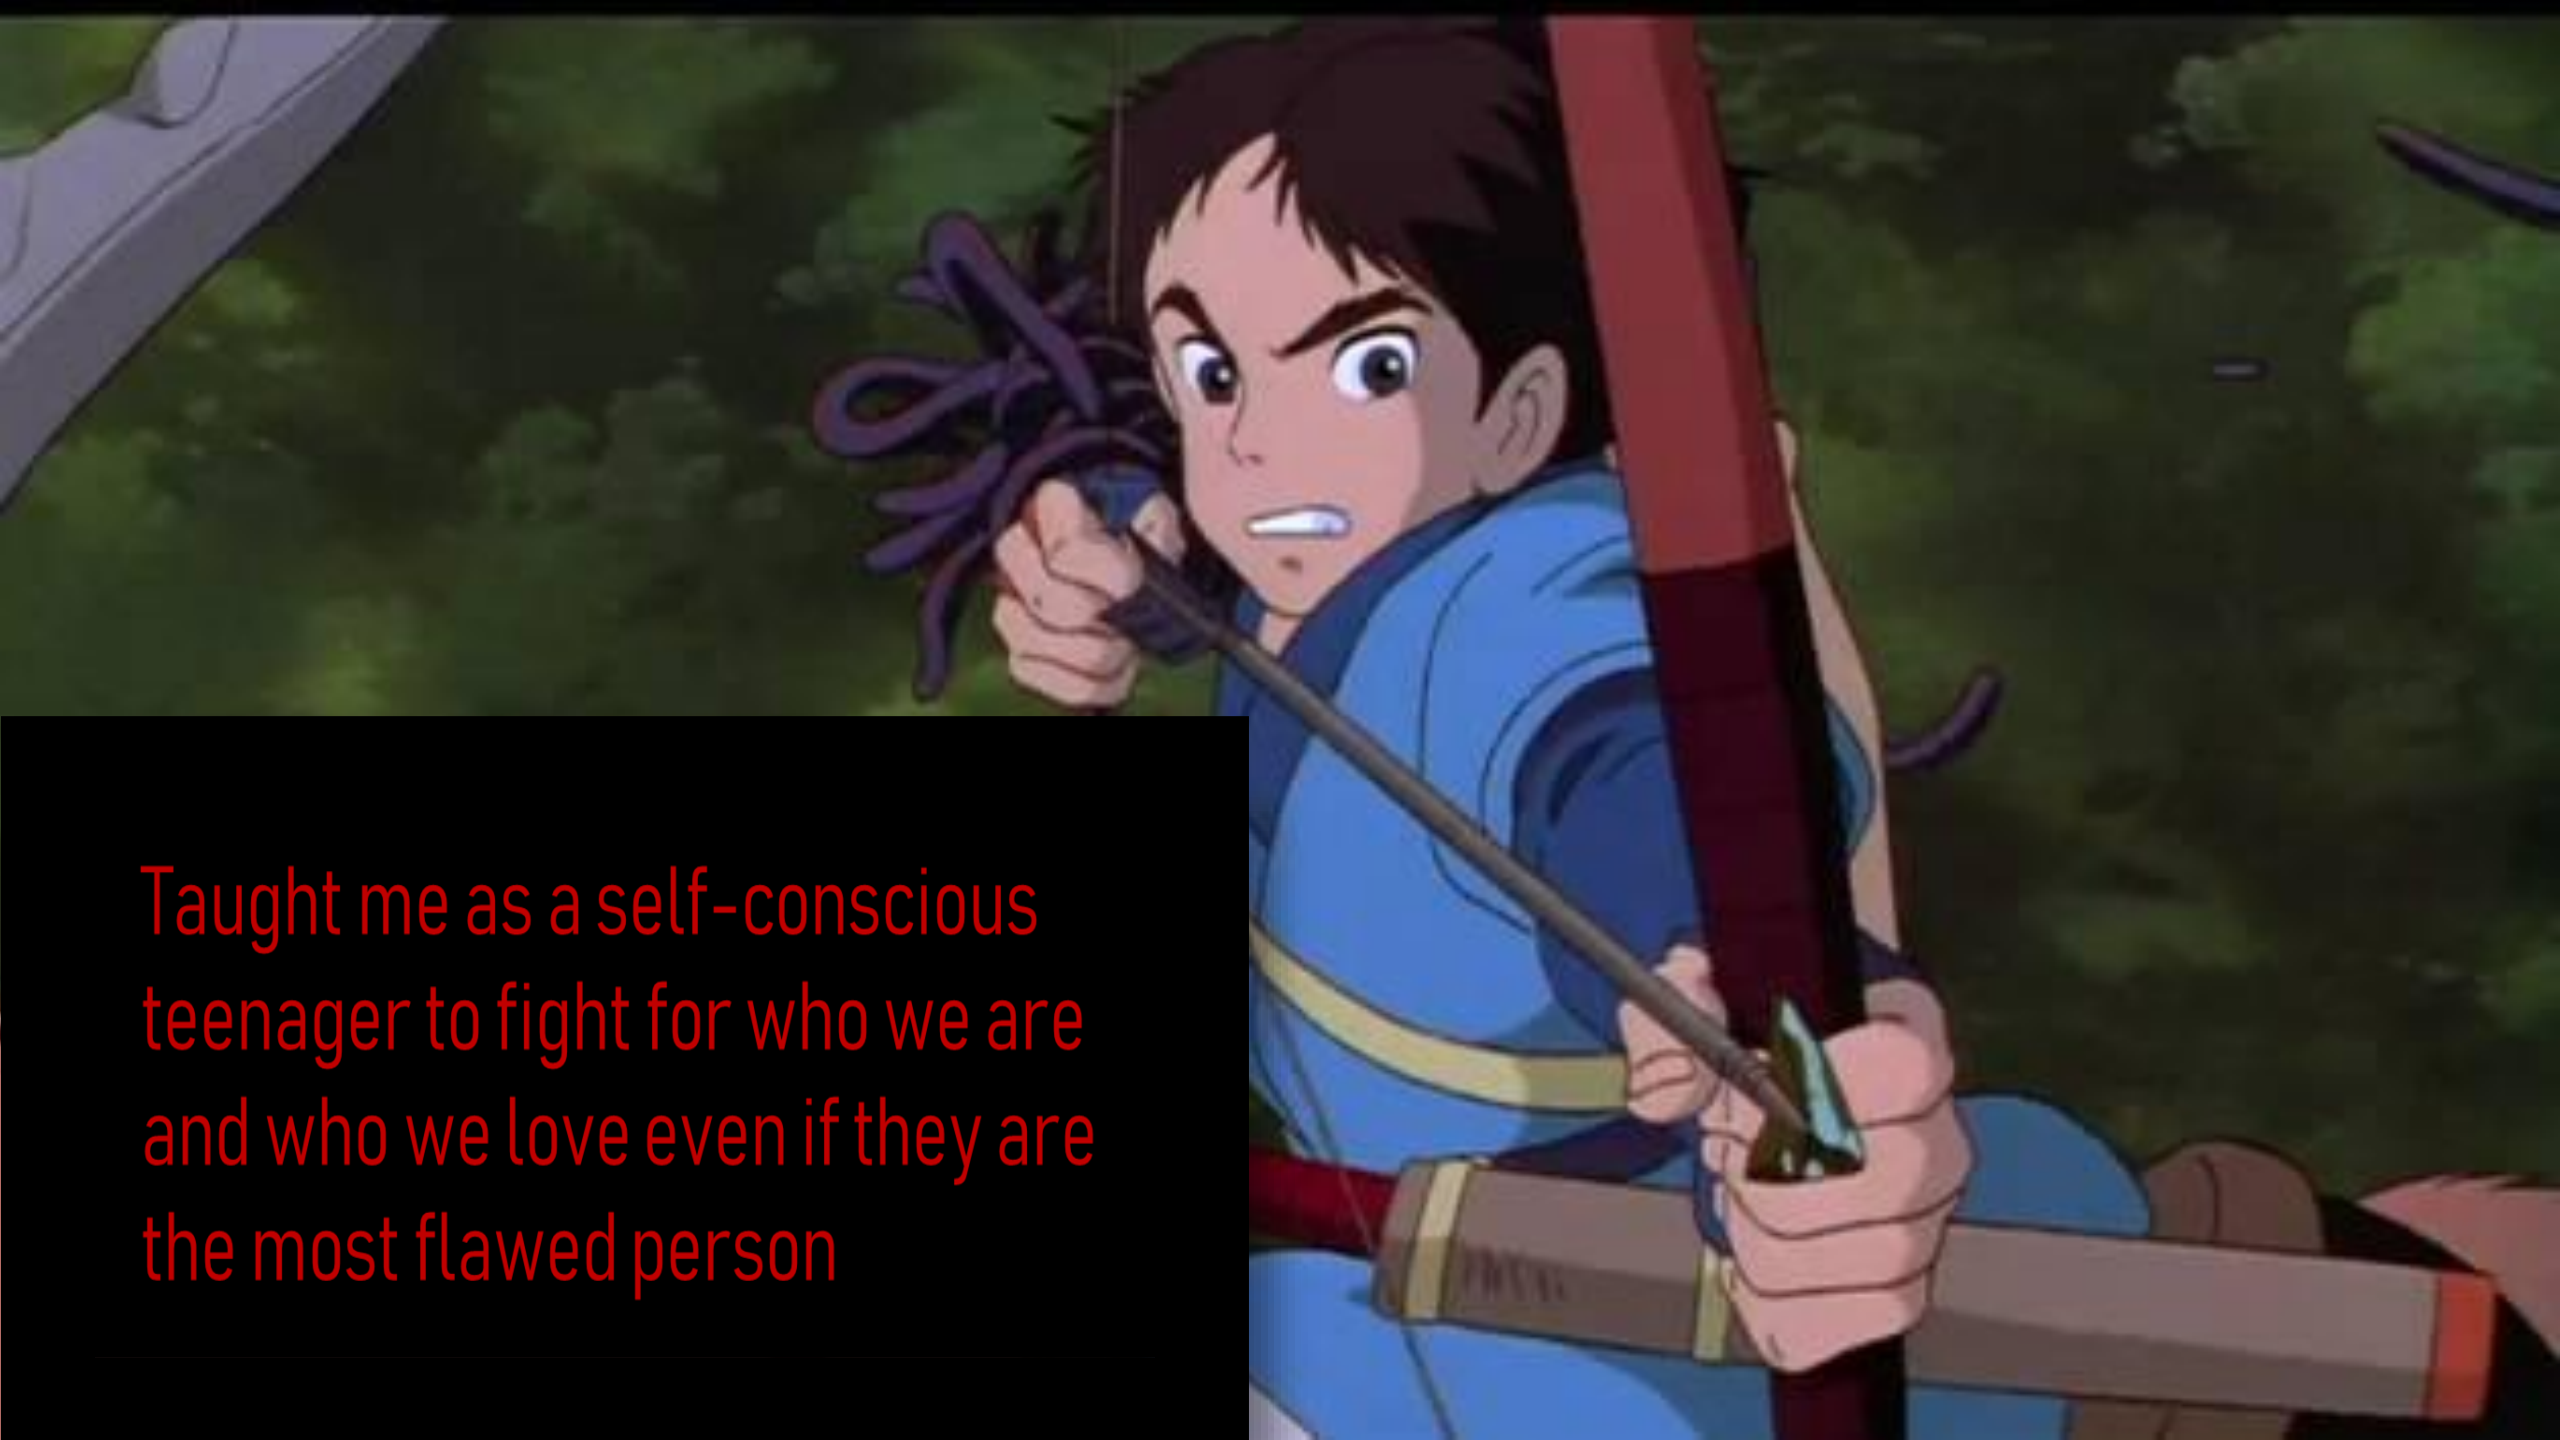

Which was something
I had to learn to
become wiser

A little
production
company called
Studio Ghibli

Taught me as a self-conscious teenager to fight for who we are and who we love even if they are the most flawed person

Who annoys
me and
evokes
strong
emotions

As well as showing me that its ok to be a bit peculiar

And dabble in areas that are outside of society's comfort zone

Studio Ghibli was able to
teach me more valuable
lessons about life than a
school curriculum

Each staff member
from the
animation
directors, the
infamous
compositions of
Joe Hisaishi

To the
genius
himself,
Hayao
Miyazaki

Thank you, Studio Ghibli,
For, creating a part of my childhood that I could not
have experienced on my own
